2. Official Launch of Cancer Connections: Photographic Exhibition, October 6

Oct 6th, 10am at Bowring Park

Presented by Photosensitive, in partnership with the Canadian Cancer Society. "Every picture tells a Story. Cancer Connections brings together both professional photographers and the general public to share their stories of those affected by cancer, often at the most vulnerable time of their lives." To RSVP please contact Michelle at mcannizzaro@nl.cancer.ca. For more info, visit: www.photosensitive.com/cc

3. Memorial Sustainability Celebration, October 6

Time: 10:00 AM – 3:00 PM

Location: The Landing, 3rd Floor University Centre

Celebrate the signing of the university's Sustainability Declaration and the completion of the construction phase of the Energy and Facility Renewal Program. Sign the declaration to show your support – official signing by Dr. Loomis and other university leaders at 1 pm. Learn more about the infrastructure upgrades that will generate significant savings for the university and reduce greenhouse gas emissions. Visit displays to learn how you can reduce energy use, get information about government rebates, or win some great prizes like a home energy efficiency kit or power cost monitor. You can even get your bike fixed (see below) or fill in a ballot to win a brand new one! Bring your mug and have a coffee on us.

Sponsored by the MUN Sustainability Office.

4. BikeShare Free Bike Tune-Ups, October 6

Need some repairs on your bike or a tune up? Want to find out more about BikeShare?

Come to the Sustainability Celebration in the Landing, 3rd floor of the UC, on Tuesday, October 6, 2009 between 10am – 3pm.

BikeShare mechanics will be there with our portable bike stand and all of our tools. (We recommend using the elevator if you're coming from the Arctic Ave side of the UC!)

See you there!

10. National Teleforum: The Canadian Index of Wellbeing (CIW), October 14

Wednesday, October 14, 2009 1:00 PM - 2:30 PM (Eastern Time Zone)

Around the world, a consensus is growing about the need for a more holistic and transparent way to measure societal progress – one that accounts for more than just economic indicators such as the Gross Domestic Product and takes into account the full range of social, health, environmental and economic concerns of citizens.

In this teleforum, we will hear from Lynne Stolek, CIW National Project Director, how the Institute of Wellbeing is at the forefront of this movement. Its signature product, the Canadian Index of Wellbeing (CIW), will track Canada's progress and provide a set of indicators in eight interconnected reports. Most importantly, it will promote a dialogue on how to achieve a better outcome through evidence-based policies that are responsive to the needs and values of Canadians

Join us to hear about the Canadian Index of Wellbeing, ask questions and find out how you can use the indicators and reports in your own work!

11. Screening of Food Inc., October 15

Thurs. Oct 15th, 7pm
MUN Cinema Series - Empire Theatres, Avalon Mall

How much do we really know about the food we buy and serve our families? Our food supply is now controlled by a handful of corporations that often put profit ahead of consumer health, the livelihood of the farmers, the safety of workers and our own environment. Learn more: <http://www.foodincmovie.com/about-the-issues.php>

12. World Food Day Events – FRESH! Film Screening, October 16

Across Newfoundland & Labrador, this World Food Day, there will be community meals and screenings of the film FRESH! The Movie (www.freshthemovie.com) can be found across the province, including: Burin, Corner Brook, Labrador City, Botwood-Peterview, and St. John's. For More information about any of these events contact Kristie Jameson with the Food Security Network NL at info@foodsecuritynews.com or call 709.237.4126

Fri. Oct 16th (Time TBA)
Gower St. United Church, St. John's

"FRESH celebrates the farmers, thinkers and business people who are re-inventing our food system. Each has witnessed the rapid transformation of our agriculture into an industrial model, and confronted the consequences: food contamination, environmental pollution, depletion of natural resources, and morbid obesity. Forging healthier, sustainable alternatives, they offer a practical vision for a future of our food and our planet." See: <http://www.freshthemovie.com/>

***Volunteers are needed to help w/ getting food donations, and preparing & serving food at the event, please email Kristie at: info@foodsecuritynews.com ***

Co-presented by the provincial Food Security Network, OXFAM Canada & FEASt.

23. Tck Tck Tck... Create a Human Hourglass, October 24

WHAT: The International Day for Climate Action:

Be part of St. John's Biggest Action on the World's Biggest Issue - Create a Human Hourglass (Tck...Tck...Tck)

WHEN: Sat. Oct 24th, 3pm

WHERE: Nagle's Hill (by the Fluvarium)

WHO: Everyone! A fun, inspiring, family-friendly event.

WHY: This December world leaders will gather in Copenhagen to negotiate a new climate treaty and, in effect, determine our future. The Harper government does not acknowledge climate change as the critical issue that it is and, as a result, Canada is on its way to stalling progress towards an effective treaty. Climate change is real and it will affect us all! It has begun, but it is not too late to stop it. Join us in calling on the Canadian government to commit to responsible, meaningful action NOW.

HOW: Count yourself in! Sign up to participate:

<http://www.facebook.com/group.php?gid=141693378100> or email tck.oct24@gmail.com

For more information, call 753-2202; www.nlclimateaction.com

ACTIONS

24. MiningWatch Canada - Support Legislation to Hold Canadian Mining Companies to Account for Abuses Overseas

According to MiningWatch, the Canadian government has consistently failed to create meaningful measures to regulate the activities of Canadian mining companies operating overseas. A private member's bill, number C-300, represents the best chance for urgently needed regulation. It is currently being reviewed by the House of Commons Standing Committee on Foreign Affairs and International Development. Your letters in support of Bill C-300 are urgently needed to ensure that Canadian mining companies live up to international human rights and labour standards and environmental best practices when they operate overseas, and that government financial and political support are not provided to companies that abuse human rights and the environment. Visit http://www.miningwatch.ca/index.php?/corporate_social_res/support_c300 for more information.

25. The David Suzuki at Work Toolkit: Share Your Ideas on Water

The Toolkit has been such a success it's being turned into an online interactive learning guide. But we're missing information for one of the most critical theme areas: WATER. If your workplace has experimented with saving water or protecting water quality, we'd love to hear your story! Please share a short summary about what you've done to protect water, and why it was successful. The best stories and company names will be featured in our new e-learning tool and distributed to thousands of workplaces across the country. Share your leadership with others and help conserve water today. Email: ambassador@davidsuzuki.org

See the toolkit: http://www.davidsuzuki.org/NatureChallenge/at_Work/sign_up.aspx

NEWS

30. Eco-Quote of the Week

"We are all longing to go home to some place we have never been — a place half-remembered and half-envisioned we can only catch glimpses of from time to time. Community. Somewhere, there are people to whom we can speak with passion without having the words catch in our throats. Somewhere a circle of hands will open to receive us, eyes will light up as we enter, voices will celebrate with us whenever we come into our own power. Community means strength that joins our strength to do the work that needs to be done." - Starhawk, earth activist

34. GoodWork Canada - How to Create your Own Green Job

Are you looking for green work, but haven't yet found what you're seeking? Would you love to green your career, but the opportunities aren't exactly falling in your lap? If so, here's an idea: rather than competing for existing jobs, why not create your own? Whether you want to work with an environmental group, green business or government, why wait for someone else to "give" you a job? If you're not sure how to get started, or how to find funding, go to <http://GoodWorkCanada.ca/CreateYourOwnGreenJob> for some essential ideas, starting points and resources for making it happen!

More about NLEN

The NLEN is a non-profit, non-advocacy, member-based organization that currently serves 50 groups throughout the province. NLEN member groups are all not for profit and operate to conserve, protect & restore our ecosystems through action, education, & stewardship. In addition to facilitating member capacity-building and communication, NLEN serves as a point of contact for government, media and the public to learn more about environmental topics. We also organize coalition/working groups on a range of issues, and host a variety of public education events.
